Royal care
Dear Royal Spa hotel guests,

Thank you again, after a year, that you have in your hands our new catalogue with prices and products for 2015 for all our ROYAL SPA hotels.

We hope you will find our offer interesting, either as someone coming to our spa facilities for the first time, or as a returning guest.

Just like every year, also for the year 2015 we do our best to improve the quality of our accommodation, dining and spa-rehabilitation premises. We do all this for your permanent satisfaction. We can offer you new therapeutic spa products, have invested in new technology and mainly we are constantly working on it, so we as employees can provide you with the best and most professional services possible.

From the first moment you get in touch with us, to when you meet the receptionists, doctors and our other staff, our aim is to make you feel as good as possible. We will strive to keep your room tidy, cozy and always ready and also that you will always enjoy your meals. But taking care of you in our spa hotels is also the work of our numerous other employees. Many of them you won’t even meet during your stay, and yet without them we wouldn’t be able to offer what we do. All together we will do our best to ensure you receive “royal care” – which is obviously right and proper for the company which has the word ROYAL in its name.

I do hope that you will appreciate our efforts and will continue to use the services of ROYAL SPA hotels.

On behalf of the team of ROYAL SPA hotel employees

Ing. Martin Plachý
Director
